4 Neyyar II Stage ..	Kanyakumari ..	1,403	1,098
5 Parambikulam Aliyar. ..	Coimbatore	633	633

Clause (2).—The outlay proposed in the draft outline of the Third Plan of Madras State was Rs. 40 crores. At the discussions held in Delhi in November 1960, the size of outlay on irrigation schemes was fixed at Rs. 27 crores. The completion of the Parambikulam Aliyar Project will absorb about Rs. 21 crores out of this outlay. The nature of schemes to be taken up to cover the balance of outlay of nearly Rs. 6 crores has not been finalised. A definite figure of amount to be spent per acre in the Third Plan is therefore not yet available.
